SCHOOL PLEDGE

We hereby pledge that we will uphold the good name and traditions of our school; that we will support its activities in all all ways possible; that we will do all that is within our power to encourage the highest standard of character and scholarship; that we will be good citizens of Jasper Place Composite High School, of Edmonton and of Canada.

SCHOOL MASCOT

SCHOOL CREST

Three years ago the Highlights and Echo jointly sponsored a survey of the Grade XII students, members of the first class to complete their high school in the building. The survey asked the students what they felt were the three words that best described the new school.

The words which appeared most frequently were Progress, Vigour, and words and phrases denoting Tenacity. These, then, were selected as most appropriate to the spirit of Jasper Place Composite High.

We then consulted Dr. Goerzen who gave us the Latin translation for tenacity as *Pertinacia*, vigour as Vigor, and progress as *Progressio*. These words are incorporated in the banner line at the bottom of the crest.

Mr. Al Oeming, owner of the Alberta Game Farm and one of the world's leading authorities on animals, was asked to supply us with the names of the animals which would best depict our chosen characteristics. In consultation with the university, Mr. Oeming gave us the Grizzly Bear for the word tenacity, the Beaver for industriousness (the beaver is also a Canadian symbol), and the Whooping Crane as the animal showing great progress. When one stops to consider the habits of these animals and their characteristics, one can certainly see that they are excellent choices.

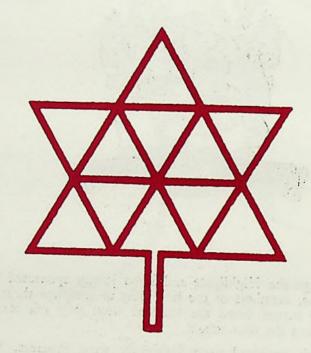

These three animals were to be mounted around a shield upon which were to appear symbols of the purpose of the school. The top of the shield bears the Book of Knowledge; the top right, the Lamp of Knowledge; the lower right the Academic side of our school, and the lower left the Vocational aspect of Jasper Place Composite High School. The Vocational aspect in this instance includes all the Technical subjects, Business Education, Beauty Culture and Food Services.

It was the intention to mount the beaver on a crown, the crown to symbolize our past heritage and ties with Britain and our present association with the British Commonwealth of Nations. Permission to use the crown must come from the Queen. Through her agents this permission was sought. Unfortunately our request was refused. We therefore mounted the beaver on another symbol of scholastic achievement, the mortar board.

Around the outside as decoration we chose to place fronds. The official Alberta flower, the wild rose, may be seen at the bottom of the shield.

The colors chosen for this crest include the school colors of red, white and black. The other colors of yellow and brown were added to give the necessary coloring to complete the crest.

EDMONTON IN REVIEW

Edmonton is one of the fastest growing cities in Canada. With a population increase of over 1,000 per month, Edmonton is now the fourth largest city in Canada, being surpassed only by Montreal, Toronto, and Vancouver. This fantastic growth in numbers requires an especially fantastic growth in services.

In this year of 1967, the year when Canada is celebrating its one hundredth birthday, everyone is looking back one hundred years and viewing the nation's progress with awe. The people of Edmonton look back with pride on the history and development of their city.

Ours is a wonderful story of progress. From mud main streets, small shack-like buildings, and a mere handful of people in 1900 we have grown to full stature as a city of wide, paved streets, skyscrapers, and over 380,000 people.

The Echo presents, with pleasure, this picture story of Edmonton's growth since the turn of the century. The old photos show Edmonton as it was on the dates noted. The contrasting photo, of the same site, illustrates vividly the marked changes made on Edmonton's landscape. It also shows that some of her face has not changed, but has only had

MONTON PUBLIC We, of the Echo staff, suggest that you study our pictorial review, noting the dress, the modes of transportation and the steady progress made in over half a century.

OUR PRINCIPAL

It is true that most students in most high schools value their Yearbook as a lasting memento of each year in high school. Members of the Senior Class treasure that year's book just a little more than the others. This sentiment should be even stronger at Jasper Place Composite High School because our Yearbook is printed, not by some impersonal and remote publishing firm, but right in our own school. The students owe a tremendous debt to Mr. Mathew, Mr. Fossen and the students of Graphic Arts, as well as to the editor and his staff, for the untold hours of planning and work that have gone into this publication.

This issue of the Echo is a very fine one. It tells the story of a year that has been interesting; sometimes exciting, occasionally disappointing. Students who have applied themselves to their studies and who have participated in the co-curricular life of the school can take pride in themselves, as the school takes pride in them. To those for whom this is the last year of school, the faculty and staff wish you "Farewell, good fortune, and may your lives be truly rewarding."

DEDICATION

It is with regret that we lookse our Principal, Dr. B. T. Keeler. Under his administration our school has gone through many changes and improvements because of his leadership and vision. Dr. Keeler has dedicated his years here to his students. His belief that we can offer an education to any one who wants it has helped many a person who has fallen by the wayside to recover and proceed to graduation. He has been a fighter for what he knows is right. Because of this, many improvements in methods and courses have been made. Many of them for the first time in Edmonton. It is also because of this that our school has many more facilities than a number of other city schools.

Dr. Keeler was the first principal of the new Jasper Place Composite High School. He has guided the faculty and staff through many storms. He has fought the battle of outdated policies vigourouly. He has not won all the battles, but those he has have added to progress in education. He has been responsible for providing his students with some of the most capable teachers in the Edmonton system.

We, of the Echo staff, are honored to dedicate this, our Centennial Year Book, to our Principal, Dr. B. T. Keeler.

STUDENTS' UNION Presidents Year Book Message

During the past year, it has once again been my privilege to serve as your president for the school year. It is an honor and honor to serve as your president for the school year. I believe it helps to build character that will be of benefit in the future.

Jasper Place Composite High School has the most progressive and liberal-minded administrative staff in the City of Edmonton. This can be seen through the variety of courses and new activities

which come to our school every year. This helps the Students' Union in many ways, as its purpose is to represent the students of the school in all matters that arise during the year.

Being the president of the Centennial class of '67 adds a certain distinction to the year as it gives us a chance to graduate on the 100th anniversary of our country. The class of '67 adds a distinct and individualistic as any that have ever entered our fine school. When the day comes, we will bid farewell to our school with tears in our eyes.

We look back on our high school years as the most cherished of our lives; we are no longer lost individuals but the young men and women who will someday mold the future of our country. It is indeed an honor and a privilege to have been able to head our class, and it is with great pride that I will say, "Yes, I was from Jasper Place Composite High School."

VALEDICTORY

Mr. Chairman, Dr. Keeler, Honored Guests, Teathern Parents, Senior Class of 1967.

Tonight we officially bid farewell — not just bye — but fare thee well. We wish each other happiness, and courage before parting at this major roads of life; a crossroads with over one hundred time usual four directions, for each of us will take a different bearing, leading to various schools of higher learning, a multitude of trades, professions, and occupations.

While at this junction let us consider the work R. L. Sharpe, a nineteenth century American writer, each is given a bag of tools, a shapeless mass, and a of rules. And each must make, ere life is flown, a stumblock, or a stepping stone."

For twelve years we have been packing our battools with skills, attitudes, and experiences which were apply to the shapeless mass of our future lives. We to use these tools to trim the jagged edges of our personality

CAROL ETHERINGTON

to polish our already developed qualities, and to design and carve new attributes which will be adapt us to the changing world. What marvellous tools we have at our disposal! — ability express our thoughts in words and to read the ideas of others; ability to make value judgment reason, and to predict. In addition our little black bag contains countless physical, social, a mechanical skills which will help us not only in our work, but in our play.

"To each is given a book of rules." This does not refer to the J.P.C.H.S. handbook, the it is difficult to believe that there are actually more rules in the world! No, this rulebook we been compiling since Grade One, for, as Thomas Huxley said, "Life is a game which has played for untold ages. What I mean by Education is learning the rules of this mighty edge explosion and the increasing complexity of daily living. At any rate it promises to be those frustrating books with no ending, for our learning process will never be completed. How we have already listed directions for acceptable behaviour and good citizenship; we can integrate the world — studying a range of topics from the microscopic composite of the living cell to the process of building bridges.

Now with this bag of tools and book of rules — the important question: Are we going carve ourselves into stumbling blocks, or into stepping stones? The quality and variety of tools we have been packing in our bag, and the accuracy and completeness of the rules that we have writing in our book will largely determine our future value to mankind.

Many persons have been responsible for training us in the skills that we carry in our took and for teaching us the rules of life. Competent teachers have patiently yet firmly guided growth of our minds and bodies. In their wisdom and direction we are thankful. Our have lived with us, and as if that isn't enough, they have understood, sympathized, disciplined loved us. Our educational opportunities have stood among the highest in the world.

Therefore let this, the class of the century, build with vigour and with tenacity five hull stepping stones, which, when piled together, will form a bridge on which progress may march

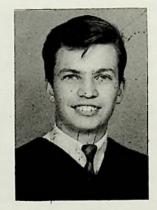

HEATHER AGLE was born in Elk Point, Alberta. Heather likes long weekends and parties with a boy named 'Cam.' Her hobbies are washing and waxing a '56 Olds. Heather plans to be a house-wife

RICK ALLEN lists among his likes girls, pop art, and Edmonton bands and gets quite annoyed with snobby people. He was born and lived all his life in Edmonton. Rick especially enjoys Choo Choo Trains and Falling in Love. He plans on taking drafting at N.A.I.T.

Born in Zeist, The Netherlands, VERA VANDER-MEER likes boys, clothes and FOOD, and dislikes taking short cuts. Vera plans to teach elementary school as well as travel.

Dutch-born Edmontonian, WALTER VANDERZYL likes Oldsmobiles and his main dislike is meeting

CONNIE TRICKER comes to us from Kindersley, Saskatchewan. Connie's special interest is in "Will" and her future plan is marriage.

Dancing, cloths and flowered pants are LAURIE TRICKER'S likes. She says her only future plan is to marry Robb.

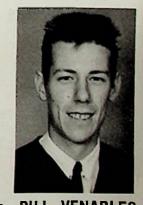

CARSTEN URBAN -

GEORGIE VANDERBURG, born in Niagara Falls, likes dancing, cars, girls, and in general, having a ball. But our boy George is no fool. His future plan is to get through high school.

Born in Snow Lake, Manitoba, BILL VENABLES likes working on cars, even though his future plans are in engineering. Bill says he's a fish in shark waters when he goes to the pool hall. He enjoys radio but dislikes haircuts.

Born in Naples, Italy, **DEBORAH VUJIC** would like to become a Social Studies teacher. She enjoys singing, tennis, cooking and boys.

MARGARET WALKER __

BARRY WALSH, born in Vermilion, Alberta hockey and hopes to become a farmer some

future.

From Port Arthur, Ontario, comes **GORDON WICK**. His future plans are zoology. His hobbies are graphology. His special interests are swimming and doing the wash.

RITA WEISNER has a liking for holidays, being with happy people and onions. She dislikes beards and boys with long hair. Swimming and reading occupy her leisure time. Rita plans to go into the business world. RANDY WHITFORD, born in Westlock, has lived in the Yukon, N.W.T., Seattle, Spokane. His interests are G.M. and the guitar. He has no plans for his

Born in Scarborough, Yorkshire, England, AN-THONY WILKINSON likes drama and girls and dislikes Phys-Ed. Anthony's future plan is to gc back to England.

FLORENCE WEBER was born in Barrhead, Alberta. Florence enjoys skating, football and boys. She strongly dislikes snobby people. Florence has no

Here's someone who likes food, tennis, track and field and girls. From a real swinging country, England, is **CLIFF WILKINSON**. He says he does not have any future plans as yet.

future plans.

Senior Rebel player, **ELMER WILLIAMS** admits his hobbies are girls, sports and pool. Elmer says his future plan is to "wait and see."

RAY WILLIAMS -

MARYSIA WANCZURA was born in England. Her

special interests are swimming and music. Her

future plans are to do social work or a branch of it.

CHARLES WATSON -

what to do in the future.

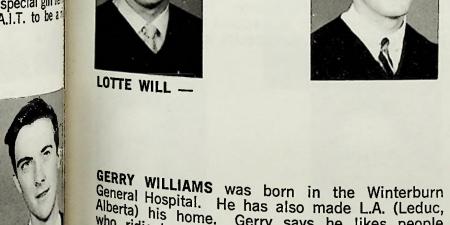

CARL WARREN, who was born in Mayerthe Alberta, has lived in Edmonton. Carl's pet are the initials D.V. and playing guitar. His kil is writing songs. Carl's future plan is by his hair longer. His dislike is short hair.

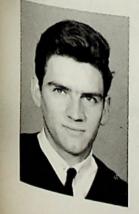

MILES WARREN likes cars and a special girl 185 Linda. Miles plans to go to N.A.I.T. to be at draftsman.

BARNEY WAYGOOD -

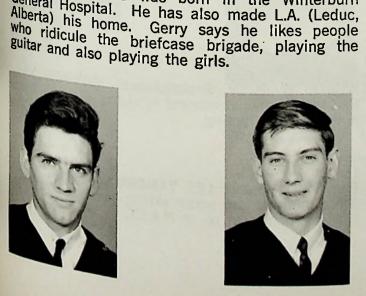

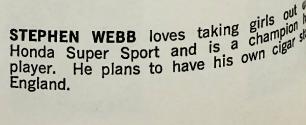

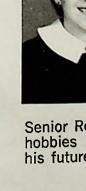

player. He plans to have his own cigar. England

JOHN WATSON was born here in Edmonton. He

likes hockey, football, car racing, but dislikes going hunting and getting skunked. He is still undecided

PAT WILSON was born in Gourock, Scotland, and has spent most of her life in Edmonton. Trish enjoys skiing and tennis and prefers not to mention her dislikes. Special interests include dancing (ballet and jazz). She plans to pursue a career in dancing.

JEANETTE WLASCHUK -

PENNY WORTHINGTON is another Edmontonian. She likes horseback riding, skiing and skating. Her future plan is to do missionary work.

JOHN WOYCENKO -

This copy is provided for research and reference purposes only

RICHARD WILLIE __

DOUG WILSON likes guns, waterskiing and wrest ling and dislikes French. He is undecided about his future.

MARY WUNG, from Hong Kong, likes clothes, which is natural for most people. She also likes sports, cooking and travelling. Mary is right when she says she is a real swinger and loves to dance! Future plan is to be an X-ray technician.

Aiyansh, B.C., is the birthplace of NITA WOODS. Her likes are beautiful clothes, boys and people with a good sense of humor. Pickles, snobs and conceited people do not appeal to her. A certain guy, Herbie, holds her special interest.

EMCHUK's special interest is skiing. He also likes tennis and swimming.

Born in Edmonton, **LES YANCHUK** enjoys money. Other interests are water skiing, pool and hockey. His ambition is to go to N.A.I.T.

FERN YOWEK, a Beatle fan, dislikes sewing, loud boys, and cleaning her room. Her special interest is Neal F.

CHRIS ZOBEL -

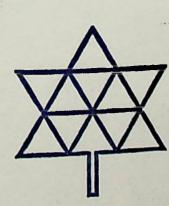

Blond, blue-eyed **BEV YOUNG** says he likes sports, food and girls in general. His one and only dislike is barbers.

Another native Edmontonian is **CARTER ZYGMUNT.** Sailing and James Bond books along with cars, are Carter's interests. To join the R.C.M.P. or Navy is his future hope. Stuck-up girls do not cast a light on Carter.

Brian Georgson Editor

As editor of this, our Centennial Yearbook, it is my pleasure and duty to congratulate all those who graduate this year. Congratulations are also in order for Mr. Mathew, Mr. Fossen, the Graphic Arts Classes, and the Yearbook staff without whose time and effort this issue would not have been

To those who graduate this year, my sincere best wishes for the future. Job opportunities have never been better for educated people. We must realize, however, that we have only completed the first phase of our training. Life is an open book, ready for all to read and comprehend.

In the past few years this school has proven it is the best in Western Canada, perhaps in the Nation. What will we prove in the second century? In closing, I would like to wish everyone a happy and successful Centennial Year

FOSTER CHILD

In 1964, Jasper Place Composite High School decided to adopt a child through the Foster Parents Plan in Montreal. We were given Constantine Bastounis as a foster son from Greece.

Constantine was born on July 22, 1953. He now lives with his mother, his sister, Catherine (25), and his brother, Athanasois (21) in Athinia, a small village about ten miles from Corinth. No doubt the father worked too hard and overstrained his heart, for he died very suddenly of a heart attack. His

family, left without his care, has faced struggle and hardship.

Fortunately, they own a small house and do not have to pay rent. This is made of sun-dried bricks and cement, and contains electricity and running water. They also own about 3¾ acres of fields planted with wheat, ¾ of an acre of vinyard and 10 olive trees. The crop, the grapes and the trees give them a small monthly income. Catherine and Athanasios both work as field hands and so add something to the total income. All in all, they have an income of \$28.67 a month.

Constantine is a youngster with brown hair and eyes and fine features. He is bright, polite and lively. He is now in the second year of high school and his favorite subjects are history and mathematics. In the future he would like to become a teacher. Although he enjoys playing the game of soccer with his friends, he finds he hasn't much free time to do so. In the evenings, after lessons are finished and tasks over for the day, he likes to read.

Each month Jasper Place Composite High School sends Constantine \$16.00. Eight dollars of this is given as a cash grant, while the other eight dollars is used for clothing, soap, towels, special medical care and education. In addition to this, we send him a Christmas and birthday gift. Usually, once a year a Constantine Day is held to collect money for him, which helps contribute towards his birthday gift. In past occasions we have sent a bicycle, a radio, clothing and candy.

Our aid to Constantine assures him of his chance to get an education and offers the Bastounis family a much-needed measure of security.

Carolyn Halward, Secretary of S.U.

EDMONTON PUBLIC SCHOOLS ARCHIVES AND MUSEUM This copy is provided for research

SCHOOL CLUBS

ART CLUB

The Art Club has started the Centennial year with one of two projects. This project consists of a large mural in which the club hopes to get every-

a large mural in which the club nopes to get everyone in the school to participate.
The second project will take place in June
when the club will go on a field trip to the Canadian Rockies. Here they will paint and sketch
some of the mountains and then later submit them in an exchange program in which other countries will give, in return for the club's works, their own paintings and other works.

AUTOMOTIVES CLUB

The Automotives Club was formed for the purpose of exploring, studying, and developing projects related to the field of automotives. Two projects discussed this year were building a chroming plant and designing and building a hot rod. At present we have twenty active members in our club. The membership is open to all students interested in automoitves.

President— Ken Lull Vice-President- Allan Pandachuk Secretary- Hank Gerrits Treasurer— Don McCarthy

Sponsors— Mr. Kreye Mr. Gehon

COIN AND STAMP CLUB

The Coin and Stamp Club meets every Tuesday in Room 215 at twelve o'clock. Leonard Lewin is president; Tonni Ewashiw is secretary-treasurer: Mrs. Nicholson is sponsor. We are fortunate that three staff members are interested. Mr. Geake has been most helpful. Mr. Hutton, a recent arrival from Australia, is enthusiastically collecting Canadian stamps; he has an excellent collection from Australia. Mrs. Cooke is another interested staff member. Coin and stamp catalogues were purchased, and are circulated among the members. improved collections, interesting information, and friendships are some of the rewards from participation in this club.

COOK BOOK CLUB

This club was organized to give students an idea of gourmet cooking. Every two weeks we experiment with different foods by preparing a variety of dishes. These include foreign foods. By doing this we simple these proader idea of all doing this we give ourselves a broader idea of all

types of food. We take alternative weeks to find a recipe and to prepare it.

We hold our meetings every Wednesday from 11:45 a.m. to 12:15 p.m. We have a total of 9 members counting our two sponsors, Mrs. Melnyk and Mrs. Kelly. The president is Jackie Benson and secretary is Fern Yowek.

GEOGRAPHY CLUB

The Geography Club is one of the many cocurricular and co-educational clubs offered in this school. Sponsored by Mr. G. Ravenscroft and Mr. L. Njaa, the club has organized local field trips to the Edmonton International Airport, Devon and St. Albert. It has also given members the opportunity to study mountain regions in Yoho and Jasper National Parks through affiliation with the Canadian Youth Hostel Association. However, realizing these trips appealed to limited numbers, the club has also endeavored to present lectures and films, during noon-hours throughout the year, which were of interest to the students at large.

Club members would like to take this opportunity to thank Mr. and Mrs. Ravenscroft and Mr. Njaa for the time and efforts they have expended on behalf of the club.

HAM RADIO CLUB

Ham operators have achieved world wide fame through their efforts in time of emergency and disaster. In the event of emergencies ham operators swing into action keeping the populace informed and provide essential communication for the welfare and safety of the public.

Our club can help you attain your Dept. of Transport ham licence. This licence permits world wide communication to fellow hams. The experience thus gained can lead to vocational enhancement and provide the participants with limitless opportunity of pricess. ity of enjoyment.

Our club is operational and consists of the following equipment:

Receiver HQ 140-X Hammarlund

Transmitter-AT3

Antenna-3 element rotary.

This hobby truly marks the ham as a member of the universal group.

SCHOOL CLUBS

I.S.C.F. CLUB

The I.S.C.F. club is an inter-denominational club which appeals to students from all walks of life. It is an activity-oriented club with sundre riding weekends, mountain camping trips, hootenannys and toboggan parties serving to appease the need for physical activity and in-school discussions, Bible studies, films and records for thoughts. Supper meetings have been added for close companionship.

ship.

The general aim of the Inter School Christian
Fellowship is to know Christ and make him known

to students on their own level.

The club encourages free discussion of the Christian faith outside the confines of the Church. It seeks to raise questions about ourselves, our everyday life, our destiny and then endeavours to find answers to these same questions by searching the Bible.

President—Sharon Fleming Vice-President—Neil Bargen Secretary-Treasurer—Shirley Thoman

MIXED CHORUS

Sponsor—Mr. G. Thamer President—Norman Milgate Librarian—Dale Frankin Social Convener—Ruth Littlefair Treasurer—Rick Noonan Alumni Secretary—Gwen Orr

Alumni Secretary—Gwen Orr
Under the capable leadership of Mr. Thamer,
the Mixed Chorus has kept up its reputation as one

of the greatest clubs in the school.

The members have performed at many school functions and hope to perform at many more, both in and outside Jasper Place Composite High School. Color Night, December 12 Christmas Concert, and the Night of Music are a few of the highlights of the year.

The group meets at least twice a week for rehearsals, singing music which includes modern

movie themes and folk songs.

MODELLING CLUB

Modelling is a career looked upon by many girls as consisting of money and glamour. Modelling is not glamour as it seems, but instead a lot of hard work. Since the Modelling Club has approximately 25 members; 20 of which are new to the field; it has been the club's objective to give the members a view of many aspects of modelling.

members a view of many aspects of modelling.

The executive, Barbara Bishop, Cherrie Clark,
and Sharon Drefco, are trying new and different
methods of showing the girls the real life of a

model in today's society. Through the club we hope to have promoted fashion ideas, trends and intro.

We would like to see more girls out in the following years to continue the work of the club.

At this time we take the opportunity to thank Mrs. Fahlman (club sponsor) for all the help and new ideas which she has given us, this past year.

PHOTO CLUB

The Photo Club this year has 10 or 15 active members. We have taken several field trips around the city. Much photo work around the school is being done by us and some of our photos have been published in the *Highlights*. Our club sponsor is Mr. MacKeage, president Ray Lautt, vice-president Garry Toth and secretary-treasurer Don Martin.

RADIO BROADCASTING CLUB

The Radio Broadcasting Club, or more commonly known as the R.B.C., is now in its seventh year at our school. The past year has been quite successful, even though we had numerous difficulties and disappointments. The R.B.C.'s Centennial project for the year 1966-67 has been to remodel the studio. Members came in over the weekends and stayed late on regular school days, to be able to accomplish the completion of this marvellous, spanking new studio. We of the R.B.C. are extremely proud of this accomplishment, and I don't think that it would be wrong to say that we are the only high school radio station with such tremendous facilities.

During the past two years, the R.B.C. has provided the students of J.P. Comp. with lively programs, including up-to-date news, sports, upcoming events, and last but not least, the R.B.C. has piped both popular and classical selections into the corridors and classrooms. In addition to the regular programs, the Radio Broadcasting Club also provides P.A. systems for assemblies, dances, and provides P.A. systems for assemblies, the lighting other social functions; and also operates the lighting past years, the R.B.C. has participated in various past years, the R.B.C. has participated Muk Luk events outside of school, such as the Muk Luk Mardi Gras, where the members had been invited Mardi Gras, where the members had been invited to do a remote broadcast for two days. This year, the R.B.C. has been asked to set up their equipment at the Edmonton Exhibition during Klondike Days.

Up to the beginning of this past school term, the R.B.C. had a monopoly on the concession also in this fine school. It was this club who instigated the purchase of a candy bar dispensing

SCHOOL CLUBS

machine for the use of the half starved student, who, maybe having missed his breakfast or lunch, could purchase a bar to tide him over the strenuous day of study. The money received from the sales went into the club's treasury, and was used to purchase badly needed equipment and records. In addition to these school-hour purchases, the R.B.C. also owns a portable counter with a soft drink machine and refrigerator built in. This is wheeled out at dances, and for any other event it might be required. The candy bar machine has since been given to the school band, in order that they may be able to purchase band uniforms. Our concession stand project for this year has been to purchase an ice-cream machine. It is in these various ways that the R.B.C. provides a most valuable service to the school, always aiming to please the public with their novel and original ideas.

But now getting back to our primary purpose, that of broadcasting. This club has various connections with prominent businesses and radio stations in Edmonton. CFRN Radio has been of vital assistance to us, in that they have provided the R.B.C. with an obsolete mixer console, which the members have put into operation. CJCA and station CHED have also been of value to us in that they supplied us with the popular 45's. Alberta Government Telephones has also contributed by the donation of various pieces of equipment, maybe junk to them, but valuable to us.

A few of our past members now hold jobs in the field of radio, among them at present is one who DJ's his own program over station CJCA. In the past, one of the ex-members held a job at CFRN, then at the CBC. This club is not only exciting and interesting, but it can also be informative and educational. It is in this coming year that we shall expand even more, bringing the sounds of music and live entertainment to the staff and students of J.P.

REBEL BAND

Sponsor—Mr. Thamer
President—Evan Miles
Vice-President—Gordon Wilkes
Secretary-Treasurer—Peggi Selby

The J.P. Rebel Band took a giant step forward this year. The fifty-two members of the school's most active club have worked together under the built a band now considered the best in the city.

REBELETTES

The sponsor behind the Rebelettes is Mrs. Billau. The Junior Squad consists of ten girls: Cheryl Ingrey, Laurie Pearce, Gloria Choppen, Louise Klok, Pat Tchir, Judy Clime, Shirley Zipp, Bonnie Brandon, Lynda Grant, Bev Sylvester; and the Senior Squad of eleven: Linda Turner (captain), Carol Salter, Susan Moorhouse, Carolyn Halworth, Lorraine Musterer, Emily Klok, Linda Gibson, Gail McLellan, Carolyn Hill, June Selkirk and Judi Peckham. The squads cheer for football games, basketball games, pep rallies and special functions such as Black Cup Night. There have been two real highlights for the Rebelettes this year. The Senior Cheerleaders placed third in the C.A.H.-P.E.R. Cheerleading Competition and they took part in the Muk Luk Parade. The cheerleaders' purpose is to boost school spirit.

SCIENCE CLUB

The Science Club's main aim is to further interest in the sciences through the use of films and grants to individuals or groups. Worthy projects may be entered in the Science Fair held each year in late March or early April. In the Science Fair this year we have projects in all fields ranging from the polymerization of palstics to the cross-breeding of fish.

The club sponsors, with Mr. Evans at the fore, include the majority of J.P.C.H.S.'s sciences staff, who are ready and willing to help any or all students wishing to enter the Science Fair.

SWIM CLUB

The Swim Club, under the sponsorship of Mr. Yakimyshyn, is partaking in the benefits of an enjoyable as well as healthful form of recreation. The club operates in close conjunction with the school swim team. It meets every Monday, ruesday and Thursday after school. As well as providing sportive recreation to the student, Red Cross and Royal Life Saving Society classes in swimming instruction are offered to the student at no cost. The club operates under the guidance of its president, Vern Kumpula; secretary-treasurer, Jim Dearden; and the coach of the swim team, Bob Kroon.
